Does Art Imitate Life or Life Imitate Art?

It's difficult to tell which comes first, but the end result is that art and life *are* connected. Especially at McLaughlin Anderson Luxury Villas. In fact, the walls of many of our private homes and estates feature the works of well-known island artists such as Lucinda Schutt-O'Connell, Shansi Miller and David Hill, among many others.

The answer is: You can enjoy the artistic canvas outside your window as much as the artistic renderings inside your villa.... only with McLaughlin Anderson Luxury Villas.
